

AMBALLA TIRUMALA RAO

+91 9392824219 || tiruamballa.it@gmail.com || <https://tiruportfolio.vercel.app/>

PROFESSIONAL SUMMARY

B.Tech Information Technology student specializing in Java Full Stack Development, Data Analytics, and AI-powered applications. Skilled in Java, Spring Boot, React, SQL, Python, and database design with experience building scalable web applications and intelligent solutions. Passionate about solving real-world problems through software engineering, analytics, and modern AI technologies while continuously learning industry best practices.

EDUCATION

SRKR Engineering College, Bhimavaram

B.Tech in Information Technology (2024-2028)

Related Coursework: Programming in C, Java Programming, Python Programming, Data Structures, Web Development Basics, Database Management Systems (DBMS), Object Oriented Programming (OOP), Operating Systems

CGPA: 8.75/10

SKILLS

Programming Languages: Java, Python, C, SQL

Database: MySQL, DBMS

Web Technologies: HTML, CSS, JavaScript, Spring, Servlet

AI: prompt Engineering, agentic ai, Gen AI, RAG

Tools: Canva, Git, GitHub, VS code

Other Skills: Poster Designing, Problem Solving

Language: Telugu, English

CERTIFICATIONS:

Java Full Stack Certification-EduSkills, Google Android Development Certification, Agentic AI Virtual Internship, AI Tools Workshop Certificate, Cisco Certifications in C and Python, MERN Stack Certification – CSI, IBM SQL and Relational Database 101, AI Essentials

PROJECTS:

JeevaMitra | java.Spring Boot.React.MySQL : Developed a healthcare platform for medicine inventory, expiry tracking, pharmacy management, and patient medication adherence monitoring

ATR Operating System | Java, Spring Boot, React, MySQL: Built a career management platform with attendance analytics, task tracking, progress monitoring, and personalized learning roadmaps

QuizLive | Python, Django, WebSockets: Developed a real-time multiplayer quiz platform with secure authentication, live scoring, and dynamic leaderboards.

Portfolio CMS | Java, Spring Boot, React, MySQL

Designed a secure portfolio management system with project management, visitor analytics, and real-time content updates..

EXPERIENCES:

InAmigos : InAmigos web development intership for 1 month

Google: Android development intern for 3 months

POSITIONS/ACTIVITIES:

Executive Body Member – CSI SRKR

Volunteered(Tech Lead)-Udbhav Hackathon
